Fast and Powerful

- Up to three times faster and five times more powerful than other commercial blenders.
- Blade has enough torque to crush almost two liters of cubed ice in three seconds.
- Homogenizes, not just blends, a little or a lot.

Clearly Better

- Specially designed container pulls ingredients into the blades for maximum blending efficiency.
- Virtually unbreakable, patented polycarbonate container.
- Flexible thermoplastic rubber lid with removable plug lets you add ingredients while blending.

Rugged Construction

- Metal-to-metal driver contact for maximum durability.
- All stainless steel enclosed blade assembly with steel ball bearings.
- Driver and blade both easily replaceable by user.

Quieter Operation

- Noise reduction refinements include a sound reduction pad and an enlarged metal retainer nut.

More Unique Features

- Thermally protected motor prevents burnout.
- Easy to clean front panel has moisture shielded switches.

CONTAINER INFORMATION

Vita-Mix offers a 1.4 L stackable polycarbonate container and a 2.0 L polycarbonate container. Both containers come with a 2-piece lid.
